BIOGRAPHY

Jeremy Moore joined Halliwell in 2021 to grow and develop a national Construction Services division. He brings more than 20 years of experience in restoration, construction, and consulting. He is an expert in Construction Methods, Damage Assessments, Xactimate, Restoration, Project Planning, Drying/Mitigation and Project Management. Jeremy has managed a broad range of domestic industrial, commercial, multifamily, healthcare, hotel/condominium, and residential claims, working either as a consultant or as the performing contractor. He has extensive experience in fire and water restoration, damages from hail, building defects and collapses.

Jeremy has worked catastrophic events throughout the USA in the wakes of tropical storms and hurricanes spanning more than two decades. He has also served as appraiser and umpire in numerous appraisal assignments in Texas.

Jeremy's prior experience includes direct construction experience where he managed a diverse array of catastrophe projects with repairs to interiors, exterior envelopes, roof repairs and replacement, giving him valuable insight to the means and methods of forensic analysis, cost estimating and large-scale project management.
