### BIOGRAPHY

Vectra Sok joined Halliwell in 2025, bringing more than 13 years of experience. He is a restoration and reconstruction professional in water damage mitigation, mold remediation, fire damage recovery, and structural reconstruction. He specializes in managing commercial complex losses and leading catastrophe response operations, providing expert coordination from emergency mitigation through project completion.

Vectra is highly skilled in developing accurate, detailed estimates for restoration and reconstruction projects, ensuring scope clarity, budget alignment, and efficient workflow planning. His experience includes working closely with insurance carriers, adjusters, property managers, and commercial clients to deliver timely, high-quality project outcomes. Known for his technical expertise, strong communication, and ability to lead in high-pressure environments, Vectra consistently drives successful recovery efforts for both large-scale and complex loss events.
