BIOGRAPHY

Benjamin Wilson brings 15 years of insurance industry experience with a specialization in property damage claims and coverage investigation. His previous work as a Building Consultant and Property Claims Adjuster provides in-depth knowledge of claims and adjustment practices. He is an expert in building damage assessment, mitigation analysis, cost analysis, and has worked on numerous large loss and catastrophe projects. Ben has worked residential and large commercial and industrial losses ranging from water and fire/smoke restoration to large scale catastrophe losses including wind, hail, hurricane, and storm surge.

Ben's experience includes extensive CAT team experience including Hurricane Sandy, Hurricane Ida, Texas Freeze, Hurricane Ian, Hurricane Helene, and Hurricane Milton.
